PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Local Lions Fete School Teachers

Ralph S. Hager of Tallahassee Chief of Information and Education for the Public Park Service, was the guest speaker at the Canal Point Lions Club meeting Monday evening. The club president, J. G. Weeks presided over the annual teachers reception and combination ladies night meeting.

Following a delicious turkey banquet style dinner, A. R. Harrington, program chairman, introduced W. W. White, principal of the Canal Point Elementary School, who in turn introduced his co-workers, with the exception of three who were unable to attend the reception.

The members of the club and their wives and other guests were introduced by P. A. Slonaker.

The meeting was again turned over to the program chairman and the guest speaker, Mr. Hager. Following an introduction he talked on his work with the Florida State Parks, both in the State office in Tallahassee and throughout the state. Through brochures, colored film and remarks he painted a beautiful picture of the State Parks and the Historic Memorials. These programs are presented to familiarize the vacation spots to the residents of Florida.

Each lady was presented with a gift and the door prize went to Mrs. Bill Gallick.

Brooks Henderson, president of the Pahokee Lions Club and Frank Gillis, also of the Pahokee Club were among the visitors.

Republicans Are Rotary Speakers

Two Republican county commissioners spoke before the regular weekly meeting of the Pahokee Rotary club yesterday. They were introduced by veteran Democratic County Commissioner Paul Rardin of Canal Point.

Commissioner E. F. Van Kessel and Commissioner Edward Bandlow, who last November defeated two veteran Democratic county commissioners, spoke on operation of the county's business. Both men made an excellent impression on the Rotarians and were happy with the warm welcome they received. Commissioner Rardin had a small part in the program. He pointed out the amount of tax money spent by the various departments of government in Palm Beach county.

Fritz Stein Named As Ag Chairman

Results of the elections for community members of the Agricultural Stabilization and Conservation Service finds Fritz Stein, Jr., elected as Chairman of the Belle Glade Committee along with members J. L. Murphy, Billy Rogers, Louis Kirchman and W. S. Ingram.

In Pahokee Hilton Jones is Chairman, with members Milton Douglas, Louis Friend, J. W. Repner and Luke Frasier.

TEL Class Holds Its Regular Meet

The September meeting of the T. E. L. Sunday School Class of the Canal Point Missionary Baptist Church, met Monday, 3:00 p. m., at the home of Mrs. Frank O'Connell, with Mrs. J. D. Latham presiding.

The class teachers and officers elected for the new year were: Mrs. W. S. Evans, re-elected as teacher; Mrs. Chirales D. Stewart, assistant teacher; Mrs. W. S. Cross, president; Mrs. J. D. Latham, vice president; Mrs. Ray Hawk, secretary; Mrs. J. H. Bordeaux, Mrs. F. M. O'Connell and Mrs. A. H. Scruggs as group captains.

Cake and coffee were served by the hostess to ten members. The next meeting (October) will be held at the home of Mrs. J. H. Bordeaux.

Riviera Beach On Blue Devils List

Riviera Beach high school will send their foot ball team into Pahokee tonight to do battle with the Pahokee Blue Devils. The visit of this team will be of interest to local school patrons because of the fact that a former Pahokee high school principal—Clyde Canipe is now principal at Riviera Beach.

Last week in their effort at Naples the Blue Devils eked out a win over the Naples Rams by a score of 7 to 6.

Gary Godley who gained 35 yards for the losers, put his team ahead in the second quarter when he plunged over from the one-yard line to climax a 37-yard march. J. D. Askew's pass for the extra point went astray.

Taking the ball on its own 12 yard line in the fourth quarter, Pahokee went for the touchdown and just made it with one minute and 12 seconds remaining.

A 42-yard pass from Harold Peacock to Jim Vandegrift put the ball on Pahokee's 20-yard line, and then Skip Peacock went around right end, reversed his field and went over for the touchdown. Brother Harold ran the ball for the game winning point.

Richard K. Ames Is New Area Dentist

Canal Point, Pahokee and western Palm Beach county have a new dentist. He is Dr. Richard K. Ames and comes to this section from Virginia Medical College where he was recently graduated. Dr. Ames is a native of Daytona Beach and has located his office in the building with Dr. R. R. Long in Pahokee. Dr. Ames has opened his office for the practice of general dentistry and will specialize in children's work. He is married and they will live on Greenstar Avenue in Pahokee.

Mrs. J. D. Latham of Canal Point accompanied Mr. and Mrs. E. B. Gamble of Pahokee to Cocoa, Saturday and were the weekend guests of their son and daughter, Mr. and Mrs. J. D. Latham, Jr., and the new granddaughter, little Miss Sheila Gayle Latham.

Smathers Speaks At Dedication

Senator George Smathers will be the principal speaker at groundbreaking ceremonies for the Glades Sugar House at Belle Glade, Monday, October 2, according to George H. Wedgworth, president of the cooperative building the plant.

The 5,000-ton daily capacity sugar cane mill is being constructed by the Sugar Cane Growers Cooperative of Florida. . . . a 53-member co-op of vegetable growers and packing house owners in the Glades area.

The Senator will be introduced by U. S. Congressman Paul Rogers, West Palm Beach, representative from the sixth district.

"The construction of this mill will be a considerable economic benefit not only to the Glades area but we feel that the increased sugar production it will make possible is important to the welfare of our state and nation," said Wedgworth.

"More than 1,000 workers will be employed in the plant and fields and some 20,000 acres of cane will be planted along the eastern and southern shores of Lake Okeechobee. Construction is scheduled to be completed before December, 1962, when the first grinding season will begin," Wedgworth added.

The \$11 million sugar cane mill was designed by Dr. Arthur G. Keller, Arkel Engineering Corp., Baton Rouge, La., internationally known designer and engineer of sugar houses.

The groundbreaking ceremonies will be held at the mill site north-east of Belle Glade and the public is invited to attend.

Representatives from the U. S. and Florida Departments of Agriculture, sugar industry leaders and prominent state and county officials are planning to attend the event.

Farrel-Birmingham Co., Ansonia, Conn., affiliated with Sucedores de Albarca, Inc. of San Juan, Puerto Rico, is in charge of construction.

University Of South Florida Has 3,000

TAMPA — Approximately 3,000 applications have been received for admission to the University of South Florida this fall, including some Cuban refugees and a few Negroes.

The heavy column of new applicants, in addition to returning students from last year, indicates the fall enrollment may go beyond the anticipated 3,500. Not all the 3,000 new applicants will actually be enrolled, school officials cautioned.

One Negro applicant already has been admitted to the fall term by the State Board of Control. Applications of a few other Negroes have been forwarded to the Board of Control for decision. The school was racially integrated this past summer session when two Negro teachers were enrolled for courses.

Bible Week To Be Held In Clewiston

CLEWISTON—The 21st annual observance of National Bible Week, sponsored by the Laymen's National Committee, has been set for Oct. 16-22.

An interfaith nonprofit corporation, the Laymen's National Committee, was founded in 1940 to reawaken religious thought in every possible way and to conduct a campaign of public education in Bible reading and study as well as to encourage attendance at church, synagogue and Sunday School and to promote better understanding among all peoples.

Harry T. Vaughn, president of U. S. Sugar Corporation in Clewiston, has been appointed industry chairman for Florida. Vaughn is enlisting interest and support for National Bible Week and has called upon all Florida concerns to cooperate.

"Many industrial organizations hold an inter-faith Clergy Day at their plants," Vaughn said. "If this event could be held in all plants on Wednesday, Oct. 18, I am confident it would be a constructive idea for plant-community relationship."

Contributions to the Laymen's National Committee, Inc., may be sent to 156 Fifth Ave., New York 10, N. Y., to further the work of the committee, Vaughn announced.

SALUTE TO FLORIDA COUNTIES •• BRADFORD

COUNTY SEAT . . . STARKE

Bradford County occupies 195,200 acres, much of which is beautiful rolling country with elevation of 180 feet above sea level at some points. Located in North Florida, Bradford County was once a part of a large territory comprising Baker, Columbia and Union Counties, then known as New River County. Starke, the County Seat, is a strategic terminus for tourist and commercial traffic.

The principal sources of income in the county are derived from general farming, the lumber industry, and livestock. Watermelons and cucumbers are the largest commercial farm products.

In progressive Bradford County, and throughout Florida, the United States Brewers Association works constantly to maintain the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Association stresses close cooperation with the Armed Forces, law enforcement and governing officials.

Here's what the new 3 $\frac{3}{4}$ % interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new 3 $\frac{3}{4}$ % rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}$ % from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

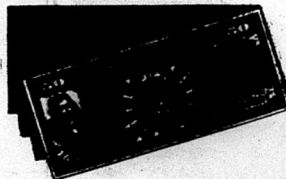

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

Pick your savings target and shoot straight for it!

A home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Savings & Savings Bonds.

Because Savings Bonds earn good interest—3% compounded continuously when held to maturity (9 years and 8 months)—they'll come much more than you've invested in them. And your Bonds will continue to pay this same good interest earnings—10 years and 8 months. That means a return of up to 50% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$200 a week. In 5 years you'll have Savings Bonds worth \$2000 to cash in 10 years, \$4440.

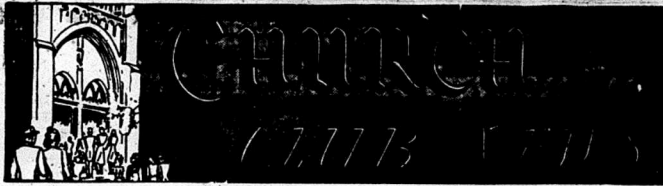

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or target in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

Miss Alice Hand Weds James Dixon

Miss Alice Hand became the bride of James Dixon in an impressive, double ring ceremony at the First Methodist Church of Pahokee on Thursday evening, September 14 at 6:30.

The bride is the granddaughter of Mr. and Mrs. F. W. Hand of Pahokee. The groom is the son of Mrs. Hattie Dixon of Canal Point and the late L. R. Dixon.

The Rev. Thomas O'Steen, pastor, performed the ceremony before a palm-banked altar lighted with white tapers in branched candelabra, decorated with one large basket of white chrysanthemums and ferns.

Preceding and during the ceremony, Miss Betty Johnson, pianist, presented a program of wedding music. Mrs. Frank L. Anderson, Belle Glade, soloist, sang "Because" and "True Love."

Usher groomsmen were Thomas Hand, brother of the bride, and Paul Dixon, brother of the groom. Billy Culbertson was Mr. Dixon's best man.

The bride's sister, Miss Iva Hand, acted as maid of honor, and wore a street-length dress of pink chiffon over taffeta with matching accessories and carried a nosegay bouquet of pink mums.

The bride, given in marriage by her uncle, Lester Hand was lovely in a street-length gown fashioned of white chiffon edged in lace, with fitted bodice, circular neckline and cap sleeves, and a shoulder-length veil of French illusion lace was attached to a tiara encrusted in seed pearls.

Her wedding bouquet was a cascade arrangement of white carnations and white satin streamers studded with pink rosebuds.

The grandmother of the bride chose a street-length dress fashioned of allover pink lace, with white accessories. Her corsage was white mums.

The groom's mother wore a street-length dress of blue linen, white satin streamers studded with pink rosebuds.

Following the wedding, Mr. and Mrs. Lester Hand, uncle and aunt of the bride, entertained with a reception at their home, 16 N. W. 11th Ave. in Pahokee. Mrs. Edna Barrett of Canal Point, great-aunt of the bride and Miss Billie Hand, Aunt, assisted with the reception.

Following a short honeymoon to the East Coast, the couple will be at home in the Nola Smith apartments in Pahokee.

Sugar Cane Growers Co-op Mill To Be Erected At Cost Of \$11,000,000

Above is shown an artist's conception of the new eleven million dollar sugar mill being erected by Sugar Cane Growers Cooperative of Florida on a tract of land one-half mile north of Airport Road at Belle Glade. It will be known as the Glades Sugar House and is located at the end of a newly constructed county road which leads off the Airport Road which is also a county road. County Commissioner Paul Rardin said that further improvement would be made to the recently constructed half-mile of road after it is settled by the heavy

hauling that it will carry during construction of the mill. Heavy concrete trucks, trucks hauling rock and shell, and many other heavy materials will aid materially in settling the new road ready for completion.

Mr. and Mrs. R. T. Smith accompanied their son, Johnnie, to Gainesville Sunday where Johnnie will resume his studies as he enters his sophomore year at the University of Florida.

Mr. and Mrs. Wiley Tillis met Granny Tillis in Daytona Beach Sunday and she accompanied them home after being the guest of relatives in Georgia and North Carolina for several weeks.

Mr. and Mrs. Edward Jensen of Pahokee returned home Sunday from a two weeks vacation with relatives in Tenn. Enroute home they visited Mr. and Mrs. Arthur Larrimore in Tallahassee.

Florida State Starts New Year
